

Delock Easy 45 Module Keystone Holder 22.5 x 45 mm, white / blue

Description

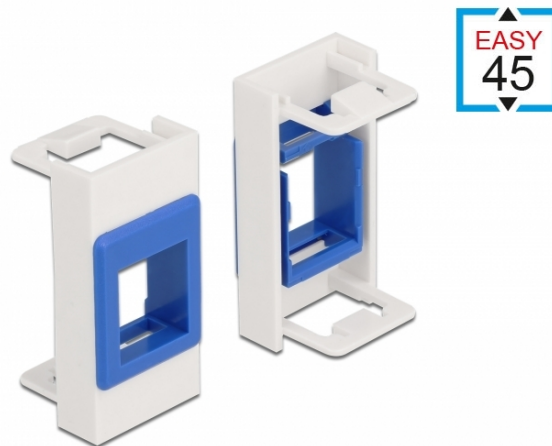

This Easy 45 module by Delock is designed to provide a Keystone holder. The standardized dimensions allow an easy snap-in mounting of one Keystone module. The simple snap-in mechanism ensures that the module is firmly in place and can be easily removed if necessary.

Clear and structured

The Easy 45 Keystone holder is available in six different colors. This makes it possible to color code and distinguish different networks or applications.

Easy 45 connects

Easy 45 is a variable, modular system that allows components such as sockets, HDMI or USB connections to be added according to your needs. The Easy 45 modules are standardised and can be mounted in various module holder or cable ducts. Easy 45 builds the interface between electrical, network and system installation and many peripheral devices such as TV, monitors, printers, laptops and much more.
