MediaRange USB Type-C® to HDMI™ Audio and Video Converter, 20cm, Black

Seamless Connectivity for Every Setup

MediaRange offers a comprehensive selection of high-quality cables and converters, designed to meet the needs of both professional and everyday users. Whether you're looking for a reliable adapter, a converter or durable connectivity accessories, our products ensure seamless integration and performance.

From office workstations to home entertainment systems, our cables and converters provide clear, stable signal conversion, support resolutions up to 3.840 x 2.160 @ 60 Hz, and they are ready for immediate use thanks to Plug & Play. Experience smooth video and Audio output and dependable performance for all your display needs.

Reliable USB-C to HDMI Connection for Clear Audio-Visual Performance

Designed for modern connectivity, this compact 20cm converter bridges the gap between newer USB-C devices and standard HDMI displays. The gold-plated contacts ensure stable signal quality and long-lasting durability.

With support for resolutions up to 1920 x 1080 @ 60 Hz, this compact converter offers smooth video playback and synchronized audio transmission. The gold-plated contacts guarantee optimal signal quality, while Plug & Play compatibility allows for effortless setup with Windows, macOS, and Linux – no drivers required.

Whether you're presenting content in meetings, streaming media at home, or connecting displays in digital signage applications, this converter delivers reliable performance.
