

Solar Panel Charger

Rechargeable power for Homeguard wire-free security systems

Backed by the sun for nonstop security

Power devices from afar with natural sunlight, Solar Panel lets you run battery cameras for longer without having to swap out the battery. Its weather resistant design, 13ft/4m magnetic power cable and adjustable mount makes installation easy anywhere.

Solar Boost

Position in direct sun to help recharge and lengthen battery life, your camera is always charged

Adjustable Mount

Easily installation in minutes, 360° adjustable bracket to receive maximum sunlight

ECO-Friendly

Use the sun's rays, no need to plug in to power, the perfect charging solution for your spotlight cam battery

Weather Resistant

Place outside without worrying about the elements, designed to withstand rain or snow & IP66 rating
