ENERGY♥SISTEM

Thank you for trusting us and purchasing your new Streetplay Speaker. We hope you enjoy it.

Quick start guide

Consult the quick guide by clicking [here](#).

Frequently Asked Questions (FAQ)

- **How do I connect two speakers via True Wireless Stereo?**

The True Wireless Stereo feature allows you to connect two Streetplay speakers to your Smartphone and play music simultaneously. To do this, turn on both speakers and without connecting to any other device via Bluetooth, double-tap the + button on one of them. You will hear a sound confirming that both speakers are paired. Then connect your Smartphone via Bluetooth and both speakers will sound in unison.

- **How can I change the light mode?**

Double-tap the - button and it will change the light mode of the passive membrane.

- **How can I improve FM radio signal reception?** To improve the reception of FM stations you can connect the included charging cable to the speaker, leaving the other end (USB type A) free, without connecting it to any other device. In this way the cable will perform the function of an external FM antenna. Once connected, it will again auto-search for stations by double press the O button.

Tech Specs

Audio

- 1.0 mono sound system
- Power: 8 W
- 1 x 45 mm full range speakers
- Passive radiators: 1 diaphragm
- Frequency response: 80 Hz ~ 18 KHz

Bluetooth wireless connectivity

- Bluetooth version 5.4, class II
- Operating frequency: 2.4 GHz
- Maximum signal strength: < 20 dBm
- Supports Bluetooth HFP / A2DP / AVRCP profiles
- Compatible with SBC codecs
- Up to 20 metres range
- True Wireless Stereo Technology (TWS)
- Hands-free function
- Compatible with Google/Siri voice assistant

FM radio

- Working frequency: 87.5 ~ 108 MHz
- Automatic station search function

microSD and USB playback

- External microSD memory player up to 128 GB capacity
- Supported formats: MP3 / WAV
- Supported file system: FAT32 / exFAT
- Folder skip function

Battery

- Capacity: 1200 mAh / 3.7 V
- Type: Lithium-ion
- Battery life at medium volume: up to 12 hours*.
- Charging time: 3 hours

- Power supply: 5 V / 1 A
- Charging system: USB Type C

Note: * Battery life varies depending on volume level selected and type of music played.

Weight and measurements

- 230 g
- 100 x 75 x 38 mm

Care and maintenance

- Do not expose the product to shock, dust, humidity or high temperatures.
- Do not use corrosive or abrasive cleaning agents.
- Do not disassemble. Any repair must be done exclusively by qualified Energy Sistem Technology, S.A. personnel.
- Be sure to keep the device turned off when not in use and do not leave it for a long period of time with the battery completely discharged.
