Introduction

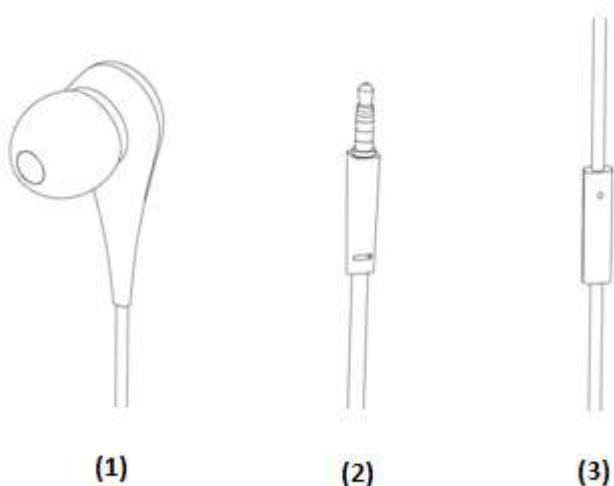

Thank you for your trust in our company and for buying your new Earphones. We hope you enjoy them.

Care and maintenance

- Do not expose your earphones to impacts, dust, humidity or high temperatures.
- Do not use neither corrosive nor abrasive cleaning products.
- Do not disassemble the device. All modifications are to be carried out exclusively by qualified staff of Energy Sistem Technology, S.A.
- Avoid pulling and twisting cables to extend the life of your earphones.

General overview

- Plug the AUDIO CONNECTOR (2) of your earphones into the earphones input of the device that you are using to play your music.
- Press the MULTIFUNCTION BUTTON (3) button to control the playback of your music. Press this button once to pause/ resume playback. Press it twice to move to the next track. Press it three times to move to the previous track*.

1. Speaker driver
2. Audio Connector
3. Multifunction Button / Hands-free Microphone

Call control

You will be able to control your calls from your earphones if you plug them into your mobile phone*.

Answer a call

Press the BUTTON (3) button once to answer a call.

End a call

Press and hold the BUTTON (3) button for approximately 2 seconds to end a call.

Reject a call

Press and hold the BUTTON (3) button for approximately 2 seconds to reject a call.

Important:* Controls may vary depending on the settings of the device that you are using to play your music.

Safety

- Before using the earphones, turn the volume down and turn it up slowly until desired music level is achieved.
- Avoid noisy environments that force you to turn up the volume really high when using your earphones.
- Listening to loud music through earphones over a long period of time may cause your ears to get used to high volume levels, resulting in irreversible hearing loss.
- Adjust the volume of your earphones to be able to hear important external sounds.

Warranty
