Frequently Asked Questions (FAQ)

- **How can I jump between folders of the contents of the USB memory?**

When you are listening to music from the external USB memory you can jump between folders by pressing the forward or back buttons twice.

- **How can I pair an external Bluetooth speaker?** Press the MODE button 3 times. The main light will start flashing blue. Now turn on your Bluetooth speaker and put it in pairing mode. The connection will be made automatically.
