- Perfect for travel, presentations, education, and home entertainment

Description

Easily share HDMI content wirelessly from laptops, cameras, game consoles, and more to any HDMI display. The Wireless HDMI Extender Kit 1080P supports both mirror and extended display modes, offering flexible viewing for work, learning, gaming, or entertainment.

With built-in 5GHz wireless technology, it delivers smooth, lag-free 1080p 60Hz streaming at distances of up to 30 meters. Setup is simple with plug-and-play functionality, with no apps, drivers, or Wi-Fi required.

Compact and USB powered, this kit is ideal for travel, presentations, classrooms, and home setups.
