UTS USB FLASH DRIVE

Versatility and functionality are the most important features of UTS. The durable housing with rotatable metal cover not only protects the stored data, but also ensures that there is no need to worry about lost plugs.

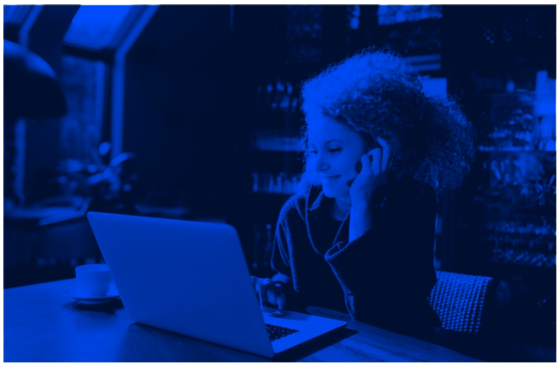

INTERFACE:
3.0/2.0
USB 3.0 / 2.0

AVAILABLE CAPACITIES:
8 - 128 GB

ALWAYS WITH YOU

Thanks to its practicality and ease use, UTS has lots of fans. The practical design of UTS makes it easy to attach it to a lanyard, allowing it to be used at any time. The rotary locking system and the lack of cap will allow even the most absent-minded users to enjoy the flash drive for a long time.

PLASTIC + METAL HOUSING

HIGHEST QUALITY = LIFETIME WARRANTY

We manufacture UTS using only the best components and during the production process the product passes through multi-stage tests and rigorous quality control. Thanks to this, UTS is covered under lifetime manufacturer's warranty.
